

WNYOPA LLC 2010 Buffalo Poker Run

Western New York Offshore Powerboat Association LLC

Information Release

In 1984, a group of Buffalo offshore boat enthusiasts founded the Western New York Offshore Powerboat Association LLC . This club, WNYOPA for short, was formed as a high performance boating club (pre poker run) for local boaters to get together for a fun run. Since then, the club has grown into a club with over 80 members and all types of boats. Starting around 1990, once a year the club gets together for a boat run to different locations around Lake Erie and the Niagara River. Over the years this has turned into a Poker Run where boats pick up cards and return to the start point to see who has the best hand for prizes. This event brings people and boats from all over New York, Pennsylvania Ohio, Canada and other parts of the north east. Along the way, WNYOPA decided to give back to a local organization. The organization of choice was [Excalibur Leisure Skills Center, Inc.](#)

Excalibur Leisure Skills Center use's boating to reach out to disabled and disadvantaged neighbors. Each season Excalibur has served an average of 2,800 individuals, from over 150 Human Service Agencies, providing them with 5,600 hours of actual "on the water skills". They enjoy the pleasures of fishing and boating, while learning valuable developmental and rehabilitative skills. This is all done on donations by organizations like ours.

Your charitable donation will get your companies name on the event T-shirts, driver's booklets, banners and mention at the awards dinner. The run will be held on August 13,14th 2010 at the Erie Basin Marina. Please consider donating to our 2010 Poker Run so we can put on a great event and help the Excalibur Leisure Skills organization.

Thank You, WNYOPA LLC
